**N** **NORTHEAST TEXAS**  
COMMUNITY COLLEGE

# PEOPLE: THE KEY TO OUR SUCCESS

By: **Dr. Ron Clinton**, NTCC President

I came to work at Northeast Texas Community College in 1985 as one of the original faculty members. This means I've had a front row seat to watch the institution grow and evolve. While much about our college has changed during those years, the thing that continues to make this place truly special is its people.

We are blessed to have a beautiful campus with updated facilities, but it is the people in those buildings that bring them to life and fulfill our mission of empowering students to succeed. On the next page of this magazine, you'll read about how our Foundation was the top East Texas Giving Day fundraiser for two years running. Many of the folks who contributed to that success were our own employees. In fact, a large percentage of NTCC employees give directly to our Foundation through monthly payroll deductions and quite a few sponsor their own scholarships. That speaks volumes about how personally invested they are in the work we do here at the college.

Our employees are also very generous with their time. Faculty and staff members frequently go above and beyond their job duties to advise clubs and provide extracurricular opportunities for students. From travel study trips to academic research conferences, NTCC students often have academic experiences almost unheard of at the freshman and sophomore level. This enriches their education in so

many ways and gives them a real advantage as they enter the workforce or transfer to a university.

Speaking of students, I am continually amazed by their accomplishments. Each week my inbox is filled with news about major awards, community service and leadership. I feel confident that the future is in good hands as these bright, capable, caring 'NTCC Eagles' set out to make their mark on the world.

Looking back over these past years at NTCC, I have so many wonderful memories - but it is the people and the impact they made on others that I will always remember the most.

*NTCC Phi Theta Kappa members represent NTCC at a statewide conference.*

## \$244,730 RAISED ON EAST TEXAS GIVING DAY

The Northeast Texas Community College Foundation finished East Texas Giving Day at the top of the leader board for the second year in a row on April 25, 2023. NTCC raised a whopping \$244,730 via the annual fundraising event that has become a regional tradition.

In addition to raising the most money, NTCC also finished with the highest number of donations at 208. Nita May, NTCC Director of Development and event organizer, said that these numbers reflect the enthusiasm and effort put forth by NTCC employees, students and community members.

"Our employees and student organizations got involved in East Texas Giving Day early on and we ended up having the highest amount of money raised through individual celebration pages. Our students and employees are passionate about NTCC and that really shined through in their fundraising efforts," May said.

East Texas Giving Day is an 18-hour online event that provides critical funding for our area nonprofits. East Texas Communities Foundation partners with area nonprofits to give donors across East Texas a chance to raise funds for local needs. The purpose of an area-wide Giving Day is to bring the region together on one day and as one community, raising money and awareness for East Texas nonprofits. This initiative, orga-

nized by East Texas Communities Foundation (ETCF), provides citizens across ETCF's 32-county service area an easy platform to support the mission of local nonprofits that serve our communities.

"We are so thankful for the East Texas Communities Foundation for hosting this wonderful event. It has become our primary annual fundraiser and a source of fun and excitement on campus," May said.

From scholarships to livestock feed for the college farm, each dollar raised will go directly to support important causes at NTCC.

"We can't say thank you enough to everyone who gave to the NTCC Foundation. I am just blown away by the generosity," May said.

If you missed out on East Texas Giving Day, but would still like to help, you can give online anytime at [ntcc.edu/give](http://ntcc.edu/give). For more information about the NTCC Foundation, contact May at 903-434-8113.

# Distinguished Benefactor 2023

## Greater Texas Foundation

The Northeast Texas Community College Foundation is excited to announce that the Greater Texas Foundation (GTF) has been named its Distinguished Benefactor for 2023. Since 2018, GTF has funded more than \$800,000 in projects for NTCC - including the Work4College Program and the Texas Emergency Aid Grant. Both of these initiatives have directly impacted the lives of many NTCC students.

"We are so thankful for the support of the Greater Texas Foundation. They have been integral to the growth of the Work4College Program and remain a valued partner," Dr. Jonathan McCullough, NTCC Executive Vice President for Advancement, said.

GTF works with educational institutions, nonprofit organizations, and governmental agencies that share their vision of a state where all students have equal opportunity to access and succeed in postsecondary education. One of their specific priorities revolves around helping rural communities.

"Rural access has always been at the heart of what Greater Texas Foundation is about. Projects tend to move faster and have less red tape in rural communities, which means you see results much sooner. NTCC's Work4College program is a great example of that," Sue McMillin, President and CEO of GTF said.

Thanks to GTF funding, the Work4College Program now has a full-time director, has expanded into multiple school districts and continues to grow each year.

NTCC was also named one of 10 community colleges that received the Texas Emergency Aid grant (pictured above) in

2021. This grant provided funding to help students facing difficulties with postsecondary completion after COVID-19. In addition to monetary support, GTF also provided institutions with training and technical support from a consultant to help make the program sustainable.

"NTCC has done a really awesome job starting the emergency aid program from scratch, having good outcomes, and refining the program based on the data," GTF Leslie Gurrola, Director of Programs and Strategy, said.

Nita May, NTCC Director of Development, led NTCC's emergency aid grant team. She said she has seen first-hand how the funds are impacting individual students.

"It is not uncommon for NTCC to have students drop out of college because they can't afford a textbook or a tank of gas. Having an emergency aid fund that gives us the flexibility to help them in these unforeseen circumstances is so important," May said. "GTF is a wonderful partner and we are very grateful for them."

Both NTCC and GTF have similar missions at their core: they want to help students succeed.

"At the end of the day, it is the students who really matter. The Greater Texas Foundation is doing outstanding work throughout the state and we are thrilled to have the chance to honor them as our newest Distinguished Benefactor," McCullough said.

Visit [greater texas foundation.org](http://greater texas foundation.org) to learn more about Greater Texas Foundation and the work they do around the state.

GREATER TEXAS FOUNDATION

Caitlyn in 2014

# W4C WHERE ARE THEY NOW

## Caitlyn Froneberger

Since 2024 will be the 10th year anniversary of the Work4College Program, we wanted to catch-up with a member of the inaugural class of 2014. Caitlyn Froneberger was one of the 15 original students who helped pilot the Work4Col-

lege Program. During her time, she worked on the agricultural farm doing many different projects, from lancing abscesses on cattle to canning jars of pickles for the local farmer's market.

grade science lab at Sulphur Springs Elementary School.

"My most memorable opportunities include food preservation, best cattle handling practices, and greenhouse management. Every day was an adventure in the Work4College Program," Froneberger said.

Many of the skills she learned from the program have helped her in her career and even helped build her resume.

"Not only does it help fund your college career, but it also helps build work ethic, responsibility, and relationships you cannot find anywhere else," she said.

NTCC is so proud of Caitlyn and all her accomplishments! If you have a story from your time in the Work4College Program, we would love to hear it! E-mail [mmay@ntcc.edu](mailto:mmay@ntcc.edu) or call 903.434.8246.

After graduating from Chapel Hill High School, she began her undergraduate degree at Tarleton State University. With the help of summer courses and the Work4College Program, Caitlyn was able to graduate from Tarleton in three years with her Bachelor of Science degree in Agricultural Services and Development.

She then went on to earn her Master of Science degree in Agricultural Sciences with a teaching certificate. Her professional career has consisted of two years as an agricultural science teacher, one year as a program technician for the Farm Service Agency, and now teaching 5th

Caitlyn with her husband & daughter, 2023.

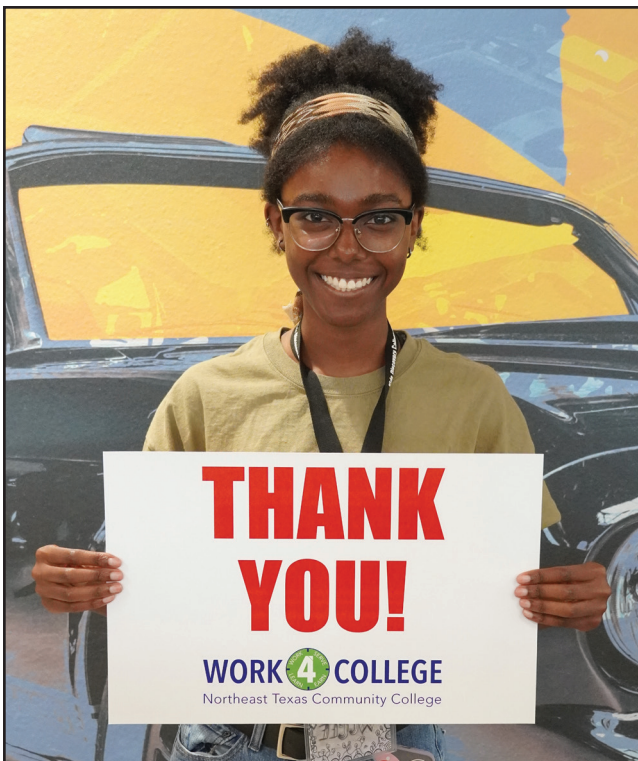

# 10 YEARS

## of WORK COLLEGE

**Wow!** It is hard to believe that in 2024 the Work4College Program will have been around for 10 years! In 2014, 15 students eager to WORK and EARN a debt-free education were assigned to work on the college farm. In 2019, NTCC partnered with a local school district providing students with an opportunity to work on their high school campus. This past summer, we had a total of **92 students** in the program with workers in

**more than 20 different areas** spanning five different campuses (NTCC, Chapel Hill ISD, Como-Pickton ISD, Harts Bluff ISD, and Winnsboro ISD). This year we are testing out a year-round experience with Harts Bluff ISD. Thank you to students, donors, supervisors and everyone else who make this program a success! The following list includes all of the students who participated in the Work4College Program since 2014:

# WORK 4 COLLEGE

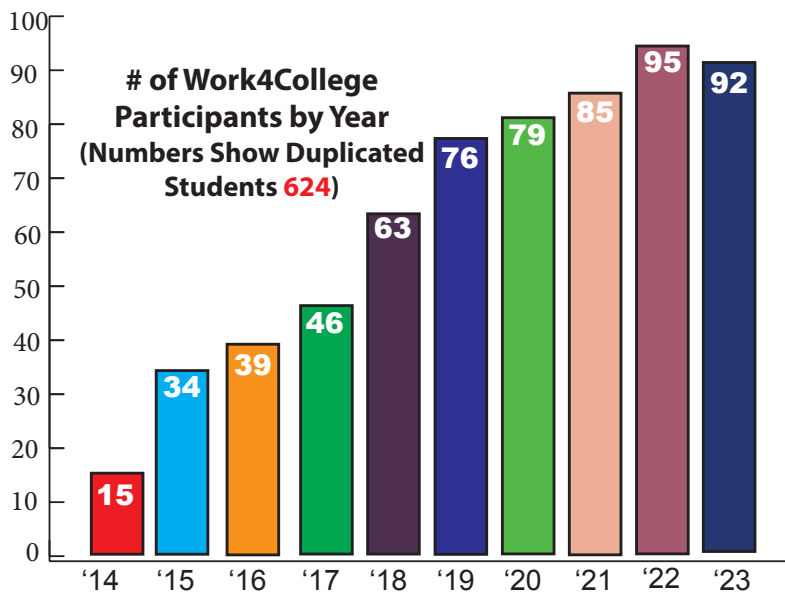

Northeast Texas Community College

**Work4College Class of 2023**

## W4C History 2014-2023:

## Summer 2023- 92 Students

- Students Worked in More Than **20** Different Areas on **5** Different Campuses (NTCC, Chapel Hill ISD, Como-Pickton ISD, Harts Bluff ISD, and Winnsboro ISD)
- Students Contributed **1,200 lbs** of Food to the Eagle Food Pantry
- Students Completed More Than **1,600** Community Service Hours
- Over **160** Applications Were Submitted This Summer

- **Total Number of W4C Students: 445**  
\*This Number is Total W4C Students Not Duplicated.\*
- **Total College Credit Hours Taken By W4C Students: 20,147**
- **Average Number of Hours Taken By W4C Students: 45**
- **Average GPA of W4C Students: 3.22**

### What High School Did They Come From?

# A FAMILY OF FORMER STUDENTS:

Back row (from left) is Jim Richey, Fate Richey Olsen, B.J. Duplechain, Drake Duplechain. Front row (from left) is Jason Miller, Kendra Richey Miller, Doug Richey, Kathy Richey, Katrina Richey Duplechain, Toni Ward Richey.

In the heart of Northeast Texas Community College (NTCC), one family's story unfolds. Dr. Doug Richey, a cherished Math professor at NTCC since its inception in July 1985, has sowed the seeds of higher learning within his own family. With a BS, MS, and Ph.D. from Commerce, and an extensive teaching background in eight different school systems, Dr. Richey is a pillar of the NTCC community.

But the story doesn't end with Dr. Richey. His three children got their start at NTCC. His daughter, Katrina Duplechain, who's taken the medical world by storm, graduated from NTCC in 1994 and went on to earn a BA in Chemistry from Baylor University, an MS in Biology at Texas A&M - Commerce, and an MD from the University of Texas Medical School in Hous-

ton. She is now at Christus Trinity Mother Frances. Katrina attributes her discipline and focus to Dr. Seabourne's NTCC karate class and advises incoming NTCC students to forge connections with dedicated instructors and prioritize exercise. She also credits retired NTCC faculty members, Dr. Jim Archer and Dr. Mary Hearron, for their guidance in science and math.

Similar to his father, education is in his blood, as Dr. James Douglas Richey, Jr. is now the Dean of Humanities, Communications and Fine Arts at Tyler Junior College. His 1990 NTCC Associate's proudly hangs on his wall with his Bachelor of Arts, Master's in English, and Ph.D. in Education from Texas A&M University-Commerce. His passion for learning is clear in his advice: "Treat your classes like a job you do not want to lose." He cherishes his time at NTCC and attributes his success to two esteemed professors, Dr. Larry Thompson and Dr. Ron Cowan. They inspired him to become an English major and later an English professor.

Lastly, Kendra Victoria Richey Miller, a 1996 NTCC graduate, has dedicated 16 years to Barrow Hanley Global Investors and now serves as a Senior Portfolio Administrator in the Fixed Income division. With an MS in Human Relations and Business from Amberton University and a BS in Speech Communica-

# RICHEY SIBLINGS PROVE YOU CAN "START HERE, GO ANYWHERE"

*"Education has played an important role in our family and we want to pass that gift on to others."*

**- Dr. Doug Richey**

tions from the University of Texas at Tyler, Kendra's academic journey has been nothing short of remarkable. Her time at NTCC was pivotal, thanks to an exceptional Speech program under the guidance of Carol Hunsberger which fueled her passion for public speaking and built her confidence. Kendra's advice for incoming students at NTCC is to be prepared to embrace unexpected opportunities.

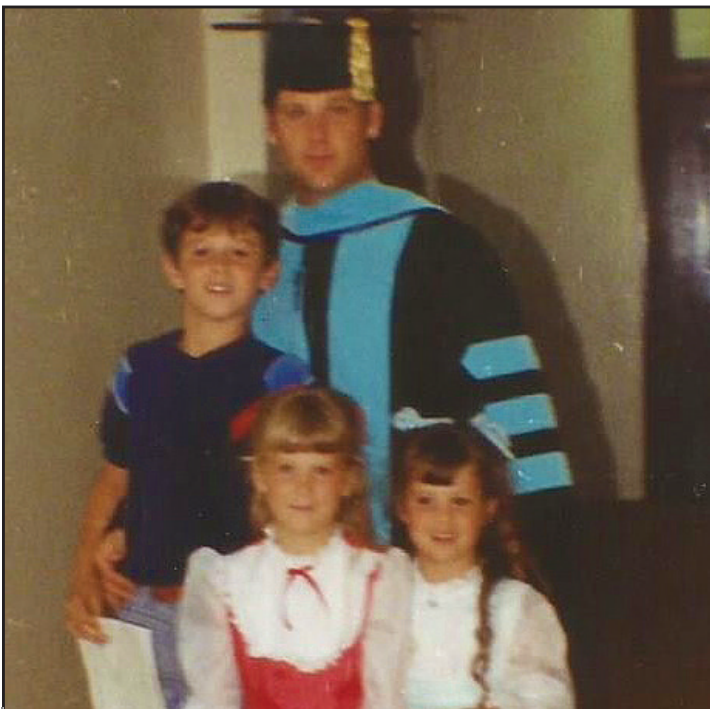

As a symbol of the Richey family commitment to NTCC, Dr. Doug and Kathy Richey plan to establish a scholarship at the college in the names of their children.

"Education has played an important role in our family and we want to pass that gift on to others," Dr. Doug Richey, Sr. said.

The Richey family's story serves as an inspiration to all, which is why employees such as Jackie Johnston contribute to our alumni fund and why we are revitalizing the NTCC Former Students' Association. For just \$5, you can join today and receive a decal, exclusive access to alumni events, a chance to be featured in NTCC news, and more! **Scan the QR code (right) to join today! →**

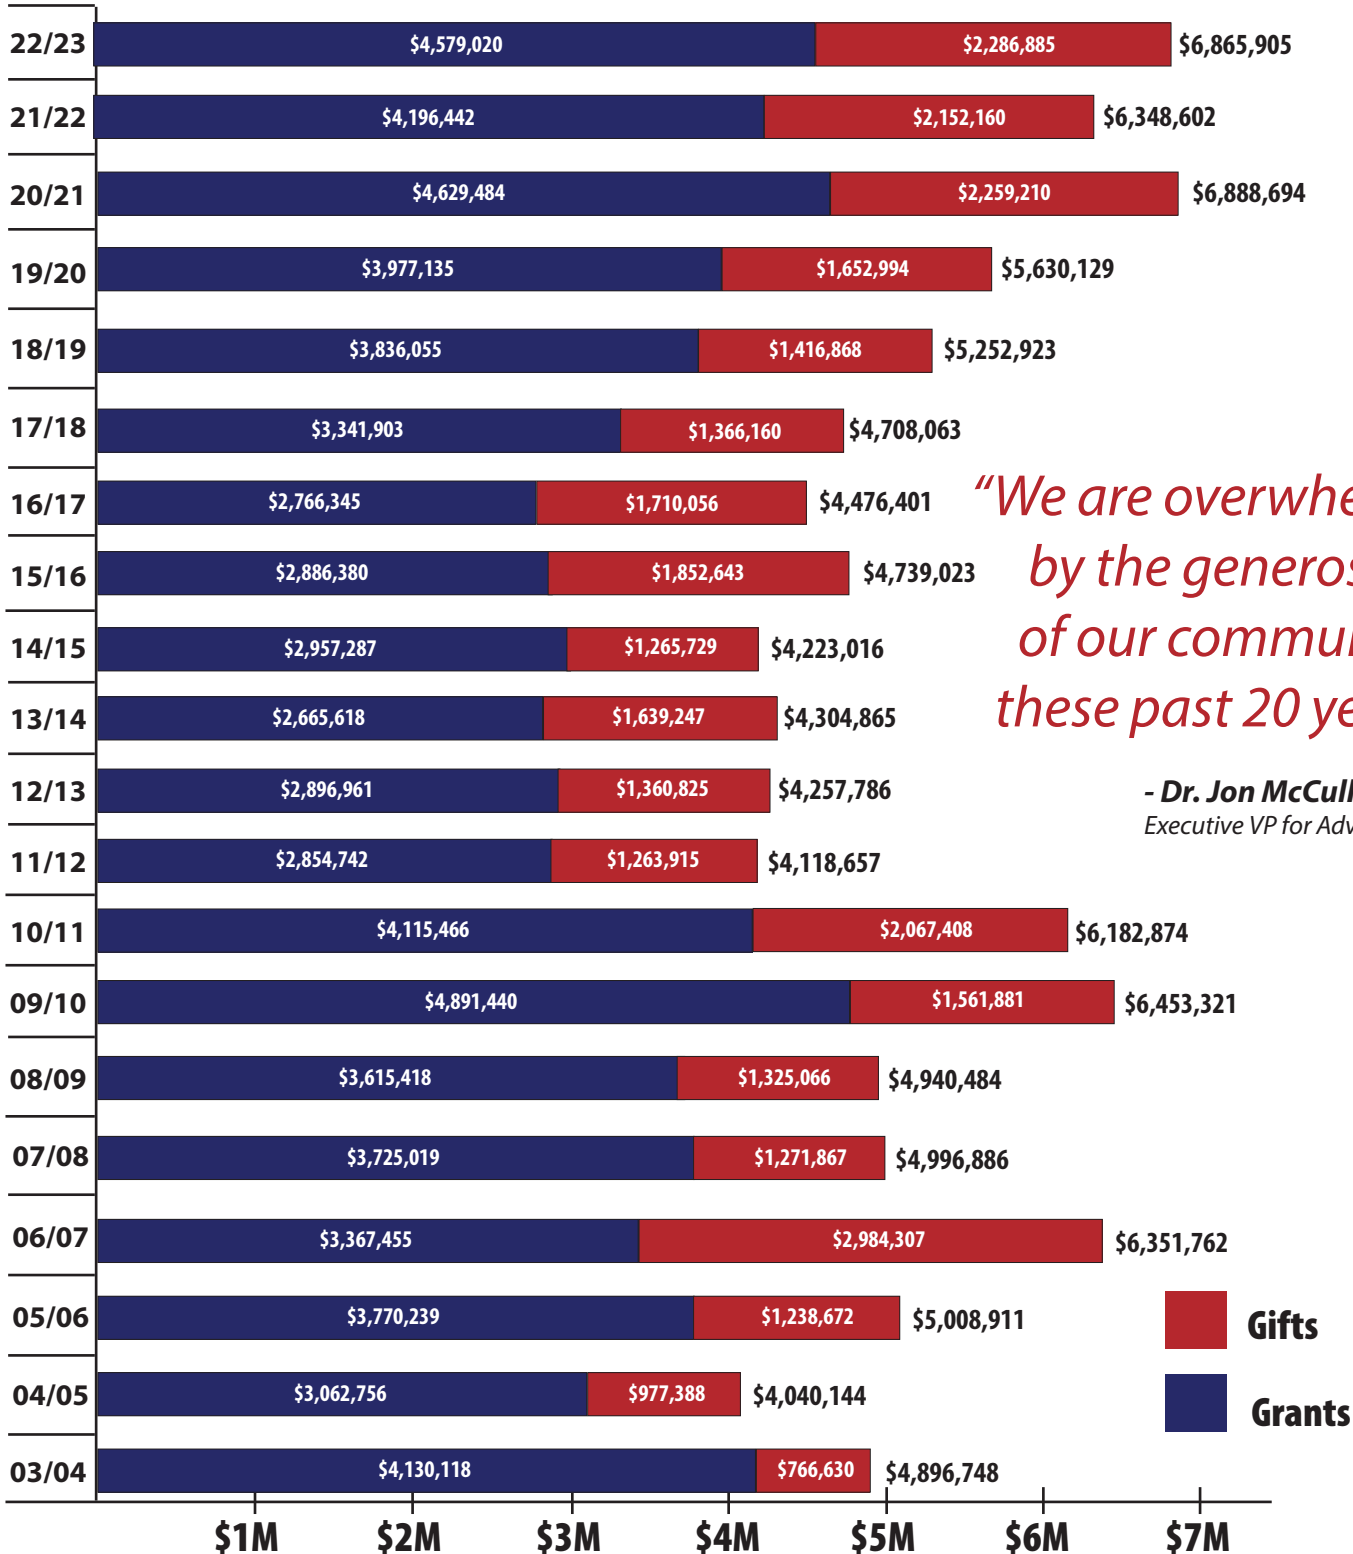

*Dr. Doug Richey is pictured (below, left) in his academic regalia with his three children when they were young. Above is Richey with Kendra upon her graduating from NTCC. Lower right, the family celebrates Katrina's graduation from The University of Texas Medical School.*

# \$100M RAISED IN 20 YEARS

*"We are overwhelmed by the generosity of our community these past 20 years."*

**- Dr. Jon McCullough**  
Executive VP for Advancement

*Elizabeth Hoggatt Whatley Agriculture Center*

# YOU CAN HELP A STUDENT TODAY!

Please consider the NTCC Foundation when making your end-of-year charitable donations. Every dollar you give goes directly toward helping students - and in many cases will be matched by grants. Below are just a few examples of how **YOU** can make a huge difference in the life of a student:

- **SPONSOR AN ANNUAL SCHOLARSHIP** with as little as \$500.
- **SET UP A RECURRING DONATION.** You won't miss a small amount each month, but it will make a huge impact!
- **GIVE TO OUR EMERGENCY FUND.** Students often need help with relatively small expenses and donations of any size can help keep them in college.
- **GIVE IN SOMEONE'S HONOR/MEMORY.** What better way to honor someone than to give in their name?

*Scan  
to give  
now!*

## Interested in supporting NTCC scholarships?

Scholarships are a major focus of the NTCC Foundation and are established for a variety of reasons. Some scholarships are established in memory of loved ones or to honor employees, friends or relatives, while some are established by clubs, organizations, businesses and corporations for a specific purpose. Most scholarships are established through the NTCC Foundation and awarded annually by the scholarship committee. There are three types of NTCC Foundation scholarships: annual, perpetual and endowed.

**Annual Scholarship (\$500 minimum):** To establish an ANNUAL scholarship you must have a minimum of \$500. This named scholarship can be good for one year or renewed annually.

**Perpetual Scholarship (\$10,000 minimum):** To establish a PERPETUAL scholarship a person/business must have a minimum of \$10,000. The funds received from the earnings on

the investment will be awarded to offset the cost of tuition, fees, and/or books. This named scholarship will remain in effect as long as the College continues to exist.

**Endowed Scholarship (\$25,000 minimum):** To establish an ENDOWED scholarship a person/business must have a minimum of \$25,000. The funds received from the earnings on the investment will be used to pay toward a full scholarship (tuition, fees, and books) for one student each year. This named scholarship will remain in effect as long as the College exists.

The donor, along with the assistance of the College, will establish the scholarship criteria. **Please contact the NTCC Development Office at 903-434-8113** for an appointment to establish your scholarship. In addition to the general scholarship fund, all annual, perpetual and endowed scholarships will accept contributions at any time.

# WE ♥ OUR DONORS!

# OWN A PIECE OF AUTOMOTIVE HISTORY!

The 1968 GT350 Convertible pictured below was built for and donated to the Carroll Shelby Automotive Program at Northeast Texas Community College by Barry Smith, owner of Legendary GT Continuation Cars, Roaring Springs PA. Beth VanDyke, who graduated from the Shelby program in 2021, was on the team that completed the build. This vehicle, which is appraised at more than \$177,000, will be auctioned off at Barrett-Jackson in

Scottsdale, Ariz. in January 2024. Not only will the winner of the auction own a piece of automotive history, they will also be providing scholarships for future generations and keeping Carroll Shelby's vision and memory alive! To learn more about the Shelby Automotive Program, visit [shelbyautotech.com](http://shelbyautotech.com). Questions about the auction? Contact Dr. Jon McCullough at 903-434-8115 or [jmccullough@ntcc.edu](mailto:jmccullough@ntcc.edu).
